Dr. Nick Flynn, Medical Director — IMC 21468

Disclosures & Terms of Use:

This process involves an online medical form review and a doctor's assessment of the information provided. It does not include a mental health, drug or alcohol review and is not an occupational health assessment. A medical certificate is not a substitute for a GP consultation or medical treatment. If any health issues arise following the issuance of one of our medical certificates, the patient should seek immediate medical attention and updated certification is recommended.
